CAR'S OWNERSHIP PROVES A MYSTERY

Man Giving Name as Walter Binkley
of Omaha Says Big Stutz
Belongs to Him

ASSERTS IT WAS STOLEN

Atlas Securities Co. of St. Louis
Files Replevin Suit Few Hours
Later to Hold It

A big Stutz touring car came into
Rushville this morning with engine
trouble and was taken to the gar-
age of O. F. Bussard. Shortly af-
terward a suit was filed in circuit
court here by the Atlas Securities
company of Kansas City, Mo., ask-
ing replevin of the automobile, mak-
ing E. G. Spears, Walter Binkley
and O. F. Bussard defendants.

The complaint states that on May
1, 1919, Spears purchased the car
from the Karsner Motor Car com-
pany of Kansas City, Mo., and gave
a promissory note for part of it.
The company assigned these notes
to the Atlas Securities Company,
to make a business of buying
notes.

The contract stated, that the
machine was not to be taken from
Jackson county, of which St. Louis
the county seat. According to the
complaint, some time in October
Spears left, contrary to the laws of
the state of Missouri, which law
so makes the machine the property
of the security company.

Complete mystery surrounds the
ownership of the car. Spears is not
in charge of the machine, but a man
who told a representative of the Re-
publican this morning that his name
was Walter Kinkley said that he
owned it.

Binkley stated that he was here
with his brother, C. E. Binkley, and
at the machine had been stolen
from them at their home in Omaha,
Nebraska. He said they were on
their way to Indianapolis, and that
the alleged thief, E. G. Spears, was
apprehended in Hamilton, and was
now in the county jail at Indianap-
olis, awaiting them so that the
al could be held.

The security company learned
of the machine was in the gar-
age here and hurried down and filed
it for replevin, but named Spears
the owner, and not Binkley. The
complaint was hastily changed to
ad Rush county, and included the
garageman, who was made an
innocent victim.

Binkley maintains that it is his
machine and was stolen, and said

ENGINEERS MIX THEIR COAL

Use 25 Per Cent Anthracite to Over-
come Bituminous Shortage.

(By United Press.)

Indianapolis, Ind., Nov. 18.—En-
gineers in the local railroads had
mixed their fuel supply today, 25
per cent anthracite and 75 per cent
bituminous, to overcome the famine
of bituminous coal.

The lightless nights were ob-
served for the first time over the
state last night. The display win-
dows were darkened and the street
lights were turned off.

BOTTOM OF COAL BIN IS SHOWING

Few Miners Return to Work as Op-
erations and Union Begin Third
Day of Negotiations

400,000 ARE STILL ON STRIKE.

Operators Are in Session to Write
Counter Proposal to Demands
Of The Miners

(By United Press.)

Washington, Nov. 18.—More than
400,000 miners still are on strike, it
was estimated here today on the ba-
sis of government reports.

Few miners have returned to work
operators and miners union leaders
agreed as they prepared to begin
the third day of their negotiations
for a new wage scale and contract
for the central competitive field.

Meanwhile the bottom of the na-
tion's coal bin is beginning to show.
Coal mines operated by non-union
miners approximate about four mil-
lion tons a week and about one-
third of the usual weekly tonnage,
according to government reports.

The nation's reserve stock begins
to dwindle each week in size, be-
tween 7,500,000 and 8,000,000 tons
being drawn from it. The indus-
trial managers are flooding the rail-
roads with demands for coal.

Scores of factories are nearly shut
down from the lack of fuel. Miners
and operators agreed today that
negotiations may require weeks.

Direct negotiation was called off
yesterday to permit operators to
caucus and write a counter proposal
to the miners' demand.

The operators were in session all
day and yet this morning. The pro-
posal will include a substantial wage
increase.

MRS. EMMA GING EXPIRES

Former Union Township Woman
Dies at Greenfield Today

Mrs. Emma Ging, age 81 years,
widow of the late Michael Ging,
died at Greenfield this morning at 8
o'clock, according to word received
here this afternoon. The body will
be brought to the Ben Davis Creek
church for funeral services and bur-
ial at two o'clock Thursday after-
noon. She is survived by one son,
Walter Ging of Greenfield. Mrs.
Ging was for many years a resident
of this county, having lived at Ging
in Union township.

FAIR BUILDINGS SOLD.

The remaining buildings at the old
fair grounds were sold Saturday,
the training stable going to Frank
McCorkle of Milroy for \$615. The
agricultural hall to J. J. Amos for
\$315 and the floral hall to Will Mc-
Millin for \$297.50.

REMIITS \$300 FINE.

Indianapolis, Ind., Nov. 18.—Gov-
ernor Goodrich today remitted a
fine of \$300 assessed against Carl
Billar, former trustee of Posey
township, Clay county. Billar was
sentenced from two to fourteen
years for accepting a bribe.

CAPT. KIPLINGER MAKES A RECORD

Cass Connaway, Associated With
Him in Paris, Says Rushville
Should be Proud of Attorney.

IS TRIAL JUDGE ADVOCATE

Only One in Paris District Now And
Has Not Had Single Case Re-
versed, Connaway Says.

That Captain John H. Kiplinger,
who has been trial judge advocate
in the Paris district since the sign-
ing of the armistice, is making a
record for himself, which will not
soon be forgotten, is the declaration
of Cass Connaway, former Indianap-
olis attorney, who was director of
the legal division of the American
Y. M. C. A. in France and just re-
turned to the State last September.

Mr. Connaway stopped off here
yesterday evening for a short time
on business, while enroute for a visit
with his mother at Liberty, where
he formerly lived. He was closely
associated with Mr. Kiplinger in
Paris and knows the reputation he
has made in the judge advocate gen-
eral's department of the army.

Mr. Connaway confided in friends
that Capt. Kiplinger was recom-
mended for promotion by three gen-
erals, which is unusual, but that
the recommendations did not reach
Washington until the order was pro-
mulgated just after the signing of
the armistice, forbidding the ad-
vancement of any more officers in
the army. Otherwise, Mr. Kiplinger
would have been a colonel at this
time.

"Rushville and Rush county, as
well as the whole state of Indiana,"
said Mr. Connaway "will be proud
of Capt. Kiplinger when they learn
the truth about what he has accom-
plished in Paris. Few realize the
immensity of his task in acting as
trial judge advocate for the whole
district of Paris. There were for-
merly three trial judge advocates
in this district but as Capt. Kip-
linger was trying twice as many
cases as the other two judges, all
of the burden was gradually shifted
to his court and for some time he
has been the sole judge to try court
martial cases in the Paris district.

"It is also a matter of some pride
among Indiana fellows in Paris, that
not a single case has been reversed
on Capt. Kiplinger.

"In connection with his work,
Capt. Kiplinger has come in touch
with the highest officials in the
French and other European govern-
ments. When his home people learn

HOPE OF REACHING GOAL DISAPPEAR

With Reports to Come From Four
and Half Townships, Red Cross
Membership is 2026

RUSHVILLE IS INCOMPLETE

Bert Trabue, City Captain, Makes
Record With 150 Members Ob-
tained in Six Blocks

As reports come in from the
townships on the Red Cross Roll
Call drive, which was supposed to
end yesterday, hopes of making the
1920 membership five thousand are
fast disappearing.

The roll of members today show-
ed 2,026 for next year, with no re-
ports from four townships and one-
half of another township, and in-
complete reports from Rushville
township.

Many solicitors made good on
their promise to canvass their ter-
ritory Sunday, especially in the city
of Rushville, judging from reports
which were made yesterday and to-
day, but there are still some dis-
tricts which have not been touched
and which contain many persons
who would doubtless join if the pro-
position were put up to them.

Roll Call officials today made an
eleventh hour appeal to canvassers
who assumed the responsibility to
do the work in their sections, to act
at once so that the campaign may be
closed within the next few days.

According to reports received at
Roll Call headquarters by Miss Nora
Sleeth, county vice-chairman, the
line-up today was as follows:

Richland	190
Orange	171
Posey	219
Walker (East half)	168
Jackson	91
Washington	270
Anderson	311
Rushville	606
Total	2026

No reports whatever have been re-
ceived from Union, Noble, Ripley
and Center as to the number of 1920
members actually enrolled, although
word has been sent that the cam-
paign is making good headway in
Noble. The east half of Walker was
reported last Tuesday, but no word
is forthcoming from the west side.

Bert Trabue, it is believed, has
made the best record of any can-
vasser, having reported 150 member-
ships in six Rushville blocks, an av-
erage of 25 members to the block.
He was captain for the district.

John D. Megee deserves much of

WILL END SESSION TONIGHT

House Passes Railroad Bill and Pre-
pares to Write Finis

(By United Press.)

Washington, Nov. 18.—With the
railroad bill sent to the senate, the
house expected to end its special
session tonight.

Formal adjournment will not come
until consent of the senate is ob-
tained, but already many of the
house are on their way home. The
railroad bill was passed last night,
203 to 154, the democrats lining up
solidly against it, after being de-
bated for two weeks.

TRIBBLE UPHELD BY JUDGE SPARKS

Court Holds First Street Contractor
Could Not Complete Job Ac-
cording to Plans

UNABLE TO GET MATERIAL

J. D. Stewart Asks Change of Judge
—D. E. Carpenter Files Mo-
tion For Change of Venue

The November term of court got
under way yesterday, and action
was taken in many minor cases
which are pending. The calling of
the docket and making up of issues
was completed in the morning, and
yesterday afternoon Judge Sparks
was in Indianapolis on business.

The case of Anslas L. Tribble,
contractor for the first street pav-
ing, against the commissioners of
Rush county, which was taken to
the circuit court on an appeal from
the commissioners, asking that the
remainder of the first street con-
tract from the Big Four railroad
west to a point near Hodge's branch
be dismissed, was finally settled
yesterday by Judge Sparks. He
sustained the petition of the con-
tractor and awarded him judgment
and costs.

Mr. Tribble fulfilled the part of
the contract for paving first street
from Perkins to the Big Four, with
brick, and the remainder was to be
finished with a waterbound rock
surface. He presented to the com-
missioners a petition showing that
the company which was to furnish
the building material had gone out
of business, and because of the in-
creased cost of labor, teams and
other incidentals, the street could
not be finished without causing the
contractor a great financial loss.

The contract was awarded several
years ago, and the brick paving has
been in for some time, and this part
has been accepted by the commis-
sioners. Judge Sparks in his ruling
yesterday declared that it would
be an impossibility for the contrac-
tor to finish the job according to
specifications, as the material could
not be had. The costs will be paid
by the commissioners, according to
the decree issued by Judge Sparks.

A divorce suit filed October 13 by
Donald E. Carpenter against Pearl
I. Carpenter, which has been the
subject of recent court news, and in
which cross complaints, and an-
swers to cross complaints have been
filed, a new motion has been pre-
sented by the defendant, asking that
the case be given a change of venue,
to some other county, alleging that
a fair trial could not be obtained in
this court.

The attorney for John D. Stewart,
who was recently indicted by the
grand jury for the illegal possession
of intoxicating liquor, has asked for
a change of judge to hear his case.
The case will come up for trial in
the November term of court.

The \$15,000 damage suit filed by
Nelson Smith against Walker D.
Hines, the Pennsylvania railroad
and the L. E. & W. railroad, which
was thrown out of court because of
a demurrer which was sustained,

HINES' ADDRESS TO BE IMPORTANT

State Superintendent Will Discuss
"Rural Schools" at County Teach-
ers Meeting.

TWO SESSIONS ON SATURDAY.

Three Rousing Addresses on Vital
Topics Will be Delivered by Dr.
L. C. Lord

All the teachers of the county will
meet for their annual session at the
assembly room of the court house,
next Saturday morning at nine
o'clock. A fine program has been
arranged both as to entertainment
and instruction.

State Supt. L. N. Hines will make
an address upon "Rural Schools",
a topic of great and increasing im-
portance to the whole country. A
federal conference will be held here
early in December, and this speech
will give the teachers of the county
an opportunity to hear what will be
likely presented. Dr. L. C. Lord, of
the Eastern Illinois State Normal
School of Illinois will give three
rousing addresses upon vital topics
to the teachers. These will be:
"Waste in the Recitation", "Motive
in School Work", and "What Shall
We Do Now?".

Miss Mahel C. Cornwell, super-
visor of music in the Rushville pub-
lic schools, will sing a solo in the
forenoon and direct the girls' glee
club in the afternoon. Miss Corn-
well has excellent ability in music
and all who attend will be pleased to
hear her sing and to hear the glee
club. Miss Vivian E. Harris, teach-
er of Mathematics in the Rushville
high school, will play a cornet solo
in the morning. Miss Harris plays
beautifully and all will be delighted
to hear her. Miss Mary Gannard of
Moscow schools is a reader of ex-
cellent ability and the people may
be prepared to hear a reader who
compares favorably to Alice Shrode.

A. M. Taylor, principal of the
Rushville high school will lead the
institute in familiar songs at the be-
ginning of each session.

The special numbers on the pro-
gram will be given free of charge by
the teachers presenting them. The
fee for each teacher will be 75 cents.
The program will no doubt be one of
the best the association has ever
had.

A. P. Wagoner, will furnish the
piano for the day. The teachers
certainly will appreciate this gen-
erous contribution.

BARN FIRE CAUSES LOSS OF ABOUT \$3,500

Origin of Blaze on Cary Patton
Farm Near Milroy Last Night
Not Determined

LIVE STOCK IS ALL SAVED

A large feed barn located on the
Cary Patton farm about one-half
mile north of the Patton homestead,
near Milroy, was destroyed by fire
last night about 10:30 o'clock. The
origin of the fire is unknown, and
was discovered too late to extin-
guish.

The barn contained a great deal
of hay and other feed, and several
head of horses and other stock. The
stock was all removed, but the feed
was destroyed. A straw stack and
a shed built underneath of it, were
also destroyed, as they were in close
range of the barn.

Mr. Patton had not learned this
afternoon whether or not the hogs
which were under the straw, had
been saved, and if they were burn-
ed the loss would be severe. The
loss of the barn was estimated by
Mr. Patton as between \$3,000 and
\$3,500.

RUSH COUNTY WELL REPRESENTED TODAY

Farmers Association Officers, Dele-
gate and Others Attend First
State Convention

OPENS IN CAPITAL TODAY.

The Rush County Farmers asso-
ciation was well represented at the
first annual convention of the In-
diana Federation of Farmers' Asso-
ciations which opened in Indianap-
olis this morning.

Among those from here attending
were Fred Bell of Jackson township,
president of the county associa-
tion; Ed Chambers of this city, the
delegate to the state convention from
the Rush county body; D. C. Buell,
vice east of the city. Mr. Cham-
bers' alternate: Marion Detrick of
this city, county agriculture agent;
Howard Ewbank, secretary of the
county association; and many other
prominent farmers who expected to
be interested spectators.

Considerable interest centered in
a convention, among Rush county
farmers who are anxious to see the
Indiana Federation a success.

HOG MARKET IS 25 CENTS LOWER TODAY

Prices Decline in Indianapolis With Sale Ranging From \$14.25 to \$14.35

RECEIPTS ARE 1500 GREATER

Hog Prices were 25 cents lower in Indianapolis today with receipts 11,000, an increase of 1500 over yesterday. Sales ranged from \$14.25 to \$14.35. Sheep were fifty cents lower and cattle held steady. Grain prices were unchanged.

"HELLO PRINCE" TYPFIES GREETING

Shout of Newsboy Expresses New York's Feeling For Youthful English Visitor.

OFFICIALLY WELCOMED TODAY

(By United Press.) New York, Nov. 18.—"Hello Prince."

This shouted greeting of a regular newsboy to the Prince of Wales typified New York's welcome to the royal visitor today.

The welcome was the same as that which touched the heart of General Pershing and the king of Belgium. The prince returned the welcome in the same spirit.

In replying to the speech of welcome to the city given by Mayor Hylan, he said that he had many friends here already as he had met many Americans before coming to this country in France, Italy and on the Rhine.

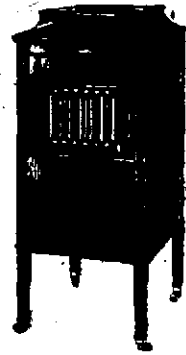

"On account of the great kindness shown me while here I will always regard the United States even better than I had anticipated," the Prince declared.

CONDITION IS CRITICAL

The condition of George Hall of Danreith, former sheriff of Rush county and brother of Frank J. Hall of this city, was reported today to be critical. He has been in a serious condition for several weeks.

REVISED VERSIONS

There was a little man,
Who laid down his little gun,
With its bullets all made of lead,
Lead, lead,
And he got a little book,
And when in it he did look,
Why many happy things he said,
said, said.

So he took it home
To his good wife, Joan,
And bade her to sing and smile,
smile, smile,
For a Thrift Stamp new,
A War Savings Stamp; too,
He'd buy her every little while,
while, while.

Humpty Dumpty sat on a wall,
Humpty Dumpty had a great fall;
Not all the king's horses nor all the king's men
Could set Humpty Dumpty up again.
(For Humpty, you see, saved never a cent;
The money he made he most carelessly spent.)
Now Humpty Dumpty sits on his wall
As proud as can be and with never a fall.
He doesn't need horses, he doesn't need men
To rescue and set him on wall-top again,
For Humpty, you see, learned his lesson with care;
War Savings Stamps, cherish the change he can spare.

Humpty hop to the Government shop,
To buy a War Savings Stamp good;
One for you, and one for me,
And one for Brother Sandy!

RABBITS ARE KEPT BUSY AT DODGING

Much Game is Being Bagged by the Local Hunters Since Open Season Came in Nov. 10.

QUAIL ARE NOT SO PLENTIFUL

May be Killed Only Until December 10 and Then Number is Limited by State Law.

Local hunters have been tramping over the woods and fields in the last week, taking advantage of the open hunting season, and hundreds of rabbits and quite a few quail have been bagged since November 10 when the state law protecting birds became inoperative until December 20.

Rabbits are said to be more plentiful in some parts of the county than for many years. It is reported that hunters have no trouble in bringing in ten apiece at night. Formerly there was no closed season for rabbits, but under the operations of the new game laws prohibiting the killing of rabbits during certain months, the supply has been increased.

While there are quite a few quail they are not nearly as numerous as some other kinds of game. The birds also have the protection of the majority of farmers who strictly forbid the hunting of quail on their farms. The protection given birds during the last few years has resulted in increasing numbers, according to hunters. Any man who holds a hunting license and gets permission from the farmers upon whose places he hunts may shoot quail during the open season.

There is a state law governing the number of quail that may be shot in any one day and a limit to the number of quail a person may have in his possession at any one time during the open season. The law is:

"Whoever shoots, kills or has in his possession more than fifteen quail in any one day between the tenth day of November and the twentieth day of December of any year shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be fined \$10 for each quail so shot, killed or possessed in excess of fifteen. Provided, that any person having hunted three days or more in succession may have a total not to exceed forty-five quail, killed by himself during such hunt."

The selling of quail is prohibited by the following state law: "Whoever sells, or offers for sale, directly or indirectly, at any time, any quail shall, on conviction, be fined \$10 for each quail sold or offered for sale."

ENRICH THEMSELVES BY PLEADING GUILTY

Mary and Homer Sharp of Anderson Are Rewarded When Attorney Pays Back \$250 Fee

ORDERED TO DO IT BY COURT

(By United Press.)

Indianapolis, Ind., Nov. 18.—Mary and Homer Sharp of Anderson, former residents of Newcastle, enriched themselves by \$100 by pleading guilty of bringing liquor into Indiana before Judge A. B. Anderson yesterday.

They told the court that they had paid S. C. Bodner, an Indianapolis attorney, \$250 for advising them to plead not guilty. "I will try to get that back for you," the court told them.

Bodner was ordered into the court and requested to pay back the \$250 and Mr. Bodner did.

Sharp was fined \$100 and costs and the fine and costs were paid from the \$250, leaving him \$100 after the costs were paid. Mary was released.

Soldiers, sailors and marines of the United States who have seen service during any of the nation's wars are exempted from purchasing license. All they have to do is to carry their discharge with them while hunting.

FUNDS FOR PLAINTIFF

Squire Stech today found for the plaintiff in the case of Albert Stevens against Ora Walls, and rendered judgment in the sum of \$37.65 which included the costs. The case was on account. Stevens owns a store in the southern part of the county, and the money due him was for wares and merchandise purchased. It was filed some time ago, but came to trial only today.

EASE THE PAINFUL RHEUMATIC TWINGE

Sloan's Liniment will bring comforting relief quickly

NEVER breaks faith, Sloan's Liniment doesn't. Just penetrates without rubbing and eases the external pain and ache, rheumatic twinges, lumbago, neuralgia, sciatica, lame, sore, strained muscles, bruises, sprains.

For 38 years it has gone ahead winning new friends, holding old ones, strengthening its reputation as the World's Liniment. Clean, effective in relieving the aches and pains of men and women, this old family standby can be relied upon to do its work promptly and surely. Don't be without a bottle another day—keep it handy.

All Druggists—35c., 70c., \$1.40.

Thanksgiving Linen

EVERY woman adores fine, snow-white table linens, and for the time-honored Thanksgiving feast she is particularly careful that none but the best are used. These particular housewives whose linens are not up to their usual high standard of excellence, and are planning the purchase of a new supply, will be especially interested in our linen section.

Our department was never more complete than at the present. We consider this quite fortunate taking into consideration the situation of the linen market today.

EXTRA FINE SETS

1 set all pure warranted linen, 81x81 cloth—1 dozen napkins to match—size of napkins 22 inch—complete set, priced at \$20.00.

1 set 72 inch Square Cloth—round patterns—1 dozen napkins to match at \$15.00.

1 set extra heavy all linen, an excellent quality, 81x81 cloth—1 dozen napkins to match—set complete for \$23.50.

Henstitched Luncheon Set—Cloth and one-half dozen napkins at \$5.50.

1 Luncheon Set, 13 pieces—cloth and 2 sets of doilies at \$4.50.

Cloths—2 and 2 1/2 yards square, priced \$3.00 to \$5.00 each.

LUNCHEON SETS

1 set pure linen—cloth and one dozen napkins—size of cloth 72x72—set complete \$12.50.

1 set warranted pure linen, 72x90 cloth and one dozen napkins—a beautiful set at \$13.50.

SEPARATE NAPKINS AND LINEN BY THE YARD

Napkins in mercerized and linen qualities—a wonderful assortment of patterns priced from \$2.00 to \$12.50 per dozen.

Some excellent extra heavy all pure linen napkins priced at \$10.00, \$11.00 and \$12.50 a dozen.

Linen by the yard worth from 80c to \$1.90 in the mercerized.

All linen at \$2.25, \$3.00, \$3.75 and \$4.50 per yard.

SPECIAL—One assortment of good patterns in dark and light Orling Flannels—35 cent grade at a yard

PLANTS PAY TO AID W. S. S.

Industrial Concerns Boost U. S. Savings Societies—Timekeepers as Secretaries.

The campaign to organize government Savings societies in all the industrial plants of the Seventh district is being pushed with vigor. By means of posters, which are being placed on bulletin boards and in other conspicuous parts of the plants, the worker is impressed with the fact that he is one of the vital factors depended upon to reduce the high cost of living. The cartoon posters visualize to him just what he can do to stop waste and reduce the cost of living. "Don't buy

Stop!

Don't discard that damaged casing until we have told you that it is beyond repair.

We have convinced a lot of people that vulcanizing is both practical and economical, after having saved them several dollars in miles they never expected to get out of the blown out tire.

Give us a chance to show you the next time you have a blow-out or any other damage to your tires.

what you don't need" is one of the chief points brought home to the worker in these plants as elsewhere. "Work, Save and Succeed" (W. S. S.) is another of the new slogans of the government.

Many of the plants have taken a live interest in the campaign to get the workers to spend judiciously, save regularly and invest their savings in safe securities—War Savings stamps and the new Treasury Savings certificates of \$100 and \$1,000, which are virtually "baby bonds."

In a number of plants a man paid by the concern itself is made the government representative. All of his time is devoted to the work of organizing Savings societies. The timekeeper in each department is appointed secretary of a society and this timekeeper is a constant reminder to his fellow workers of the time to invest in the government securities.

The Six Factors

John Galsworthy, in a recent magazine article, speaks of six new factors which have come into the life of the civilized world.

The first is "the division, deep and subtle, between those who have fought and those who have not." He thinks this may perhaps disappear in America, for "the proportion of Americans who actually fought has been small, compared with the number in any belligerent European country." Also, the iron had not time to enter the souls of American soldiers. But in Europe, "this factor is very tremendous and will take a long time to wear away. Life has changed so greatly for those who fought that the old sanctions, old values, won't hold. A kind of unreality must needs cling about their lives."

The second main factor is the disappearance of the old autocracies. This puts a very heavy burden of education of the average voter upon the arts, the schools, the press, upon public men. They must take hold of this burden keenly and nobly.

The third factor is of a different kind—exploitation of the air. What it will do to the world can hardly be overestimated.

The fourth factor is Bolshevism and the social unrest. "Co-operation in its true sense of spontaneous friendliness between man and man has never been tried. Perhaps human nature in the large can never rise to that ideal—but he hopes it can."

The fifth factor is the impetus toward a League of Nations. "May I remind Americans that during the first years of the war there was practically the same general American reluctance to interfere in an old-world struggle; and that in the end America found it was not an old-

world but a world-struggle. It is entirely reasonable to dislike snatching chestnuts out of the fire for other people, and to shun departure from the letter of cherished tradition; but things do not stand still in this world; storm centers shift; and live doctrines often become dead dogma."

The sixth factor he deems the greatest—Anglo-American unity. Without it, he says, "the League of Nations has surely not the chance of a lost dog."

Other people might make other lists of the elements of this changing world, but surely Mr. Galsworthy's bear thinking over.

Let the Producer Produce

Greater production is a crying need of the day, and because of the devastation in Europe the bulk of this burden falls upon America.

We must increase our production. We must feed the world and we must eat at the same time. We must furnish the implements of cultivation and manufacture, and we must have them for our own use. Greater production alone can do this.

Future disagreements between capital and labor should be settled "out of court"—in other words, without resource to the paralyzing results of a strike.

Surely the government and congress can devise some tribunal which will have the authority to settle all disputes and enforce its decisions on both sides alike, doing equal justice to all and injustice to none.

Nero fiddled while Rome burned. Let Washington cease piddling or history may repeat itself.

Is everybody prepared for that new flu epidemic? Get ready for it, and then it won't come.

Some of the states seem to have gone wet; but what's the use, as long as Uncle Sam is still dry?

The most popular game is "Sugar, sugar, who's got the sugar?"

Honest labor is an abomination to the bum. That, however, is the reason he is a bum.

The agitator should take warning. The American foot is slow to move, but it hits with a terrific jolt.

Yes, labor and capital will one day join hands—when the government glues them together.

Amusements

Wm Russel in "Sacred Silence"

A powerful story is promised in a new William Fox production, "Sacred Silence", starring William Russell, which is coming to the Princess Theatre tonight. Advance reports indicate a photoplay that is unusually dramatic, dealing as it does with social life in the exclusive army set—a phase of life which is the more fascinating because so little is known of it by the average layman. The action revolves around an unscrupulous woman and the chaos she brings into the lives of three men—fellow officers who are closely united by bonds of friendship. The story offers exceptional situations and with Mr. Russell as the star should find high favor even with the most discriminating of photoplay audiences.

"The Dust of Desire"—Mystic

"The Dust of Desire," which is described as a rapid fire picture full of action and suspense, is at the Mystic theater today. Rubye DeRemer is the star of the cast in the production. Harry T. Morey in "Beating the Odds" and Roscoe Arbuckle in "Patty's Wedding Day," form the program for tomorrow. The plot of "The Dust of Desire" is described partially in the following:

One of them had grown tired of her, given her up, and gone to Europe to forget her. But he couldn't and when he returns to New York to claim her and finds that she has meanwhile married someone else, he determines to get her to come back to him.

He goes to South America, where the girl and her husband are living, and tries to persuade her to run away with him. She refuses. He tells her that if she doesn't come he'll tell her husband of their former relationship. This situation is coming to a climax when the girl's husband saves the other man's life. This appeals to the better side of the fellow's nature. He tells the girl that hereafter she need have nothing to fear from him, and he returns to New York, where he marries.

Later on, the girl and her husband are obliged to come back to New York. Here she meets her former sweetheart and his wife, and complications then arise which lead to the unusually clever denouement of the story.

SUES FOR A REFRIGERATOR

Ed Woods Wants Ice Box Valued at
\$16 and \$5 Damages

It's a "hot time" to file a suit for possession of a refrigerator, but Edward Woods this morning brought suit in Squire Stech's court against John D. Stewart demanding possession of an ice box valued at \$10.00 and asks damages in the sum of \$5 for its detention. The case has been set for trial at ten o'clock Saturday morning. It is understood that several years ago Stewart loaned Woods a gas stove, and took the refrigerator as security, but Woods says the stove wouldn't even light.

"Let's give 'em our smoke"

—Ches. Field

A real smoke—Chesterfield. The choicest of expensive aromatic Turkish tobaccos, the finest of sun-ripened Domestic leaf, blended by an original and exclusive method that can't be imitated.

In the blending of these costly tobaccos, our experts have brought out a new flavor and a mellow richness surpassing that of any cigarette you ever smoked.

Chesterfields sure do satisfy; not in flavor alone, but in value, in quality, even in their superior moisture-proof wrapping that keeps them firm and fresh always.

You want "satisfy"—that's sure. You get it only in Chesterfields.

INTERNATIONAL TRANSPORTATION COMPANY FEATURES

The motor Truck Transportation business has been given such wide publicity through the press throughout the country, and the Ship-by-Truck idea has been boosted and endorsed by the various Chambers of Commerce, that to the people of ordinary intelligence, little explanation is necessary.

We are an Indiana Corporation. We use steel trucks, made by the Indiana Truck Company.

We use pneumatic tires exclusively. Our front tires on our five-ton trucks are 8x40 inches; our rear tires are 12x48 inches, insuring speed and safety to shipments; less injury to roads; less depreciation in tires, and the life of trucks lengthened many times.

Our company is manned by Indiana men.

Some of the most prominent bankers and business men in the state are financially interested in our institution.

We are running at present a line from Indianapolis to Chicago. This line, when fully equipped, will operate a fleet of 30 of the large steel trucks.

Three other lines or routes as fully attractive will be established and operate a similar number of trucks as fast as capital accumulates.

Large earnings are assured. Get in on something the Nation, State and Town needs, and Get in at the Beginning.

After 7% is paid Preferred and After 7% dividend is paid Preferred, and 7% on Common stock, then both stocks share equally in any further dividends.

Merchants in towns through which our lines pass endorse our work, as to rapid service, safe delivery and economy.

Write or call for full particulars regarding our wonderful organization and the profits assured investors in our \$500,000 concern.

CONNERSVILLE FIVE TRIMMED BY MANILLA

Walker Township Lads Win on a Strange Floor by the Score of 22 to 17

PLAY A BRILLIANT GAME

The Connersville high school basketball team was taken down the line Saturday night at Connersville, when the Manilla team handed them the short end of a 22 to 17 score. Connersville has been boasting recently about a wonderful team, and since defeating Brookville a few weeks ago by the score of 18 to 14, they were under the impression that nothing could stop them. The following is taken from a Connersville paper:

"Manilla's band of basketball athletes trimmed the sails of Coach Moore's lads, Saturday evening, in a merry setto at the gymnasium. The final score was 22 to 17 and at the end of the first half it was 14 to 8, with the visitors leading the van.

There are no excuses to offer for the defeat. Moore's men failed to play up to their usual form while the Manilla squad showed brilliantly at both offensive and defensive play. There was a large crowd of spectators and the rooting was spirited but in vain.

The defeats that have come to the team thus far, while disappointing, are not depressing to the coach or students. Individually the school is represented by one of the best teams it ever had but a lack of team work has been a notable weakness. The coach hopes for better results in this respect in later games."

EARL MARLOW IS NOW EXPECTED TO RECOVER

Sandusky Boy Who Was Injured at Phoenix, Ariz., Will be Cripple For Life

BROTHER IS NOW WITH HIM

Earl Marlow of Sandusky has arrived at Phoenix, Arizona, being called there on account of the serious condition of his brother, Fred, who was injured in an explosion about a week ago. A telegram received by his parents, Mr. and Mrs. Frank Marlow of Sandusky, states that the young man may recover and is doing very well.

No definite word has been received as to the nature of the accident, as the young man left here only a few months ago to go west for his health and was working for a construction gang near Phoenix, when the accident happened. The telegram from the son that went there, said that his brother would probably recover but would always be a cripple. It will be recalled that his injuries were to his eye, shoulder and knee.

New Issue New Plan

Tax Exempt in Indiana
Free From Normal Federal Income Tax
We Offer Shares in the

Robbins Body Corporation

(INDIANAPOLIS)

which has purchased the manufacturing plant and all of the assets of ERVIN ROBBINS & CO., makers of AUTOMOBILE BODIES.

**\$1,250,000 6% Cumulative First Preferred Stock
12,500 Shares (No Par) Common Stock**

The company is incorporated under the laws of the State of Delaware and its stock is tax exempt in Indiana under the provisions of Section No. 110 of the New Tax Law of 1919 (the manufacturing plant being located in Indiana.)

Par value of Preferred Stock, \$100. Dividends Payable quarterly, March, June, September and December 1st. Redeemable at \$110 and accrued dividends.

100% Principal Guarantee Plan

This stock is offered under the safeguard of the "100% PRINCIPAL-GUARANTEE PLAN". The purchaser is given the privilege of subscribing for an equal amount of Preferred and Common Stock, and receives IN ADDITION TO the stock, a BANK CERTIFICATE OF DEPOSIT (due 12 years from date) FOR THE FULL AMOUNT OF PRINCIPAL INVESTED. Even after the principal has been repaid, the investor retains both his preferred and common stock.

From a letter from Mr. D. C. McMurtrie (Treasurer of the State of Indiana), who is president of the Robbins Body Corporation, and from other data in our possession we summarize the following facts:

This stock issue is for the purpose of greatly extending the operations (formerly under the name, Ervin Robbins & Co.) by immediately more than doubling the capacity of the present modern factory, adjoining that of Northrup & Marmon Company, in West Indianapolis.

This company specializes in building sedan and other enclosed bodies for automobile manufacture, and has won the highest reputation in orders from Paige-Detroit Motor Car Co., Detroit; Dort Motor Car Co., Flint, Mich.; Grant Motor Car Co., Cleveland; Liberty Motor Car Co., Detroit—and others—for delivery within the next ten months.

The present plant is the largest factory producing closed bodies in Indiana. Its facilities so far have been inadequate to handle the increasing volume of business offered, due to the rapid growth of motor car manufacturing activities. Robbins Bodies are everywhere highly regarded and with Indianapolis now ranking as the second automobile center, it seems evident that there will continue to be a considerable over-demand.

The motoring public is in fact coming to the very wise decision that a sedan or coupe is the only thoroughly satisfactory car for all-season driving. Because demand for such bodies has greatly outstripped supply, profits to body makers are very satisfactory.

The Robbins organization started in 1873, and, until the advent of the motor car, was engaged in the manufacture of high-grade carriages, hearses, etc. The plant, now employing more than 200 skilled workmen, is under the management of men who, during the past year and a half, have made an excellent showing both in profits and in constructive organization betterment. Under the increased operating schedule even higher profit percentages are assured because of the decreasing overhead that comes with volume production. Extensions now under way will require the employment of 1,000 workers.

The first stage of plant extensions, which will be in operation within three months, justifies the following estimates furnished by the president:

	Gross Business	Gross Earnings
For 1st year of expanded operations.....	\$5,000,000	\$750,000
For 2nd year of expanded operations.....	8,000,000	1,200,000
For 3rd year of expanded operations.....	10,000,000	1,500,000

Annual requirement for dividends on preferred stock, \$75,000. Remainder of gross earnings, after taxes, available for surplus and dividends on common stock.

Preferred stock is preferred both as to assets and dividends, which accrue from date of issue. Contract with banks, having sale of shares, provides that holders of preferred stock shall own one-half of all common stock issued, and under the same contract officers' salaries are limited to reasonable amounts.

The company has no bonded indebtedness.

The "100% Principal-Guarantee Plan" removes all ordinary hazard since the investor has AN ABSOLUTE GUARANTEE in the form of a BANK CERTIFICATE OF DEPOSIT for full amount of principal invested. In addition the investor derives the 6% cumulative preferred stock dividends and all common stock dividends declared, RETAINING HIS STOCK HOLDINGS AFTER HIS PRINCIPAL HAS BEEN REPAYED IN FULL. In effect it is an investment in a long-established profitable business at no more risk of principal than in making a commercial deposit in any reliable bank.

Legal matters pertaining to this issue have been approved for the bank by Smith, Rameter, Hornbrook & Smith, attorneys, Indianapolis, and for the corporation by Mahan, Kane & Ross, attorneys, Indianapolis.

We recommend this stock for Safe, Profitable Investment and offer it subject to allotment at the following price:

5 Shares Preferred Stock
5 Shares Common Stock
\$1,000 Bank Certificate of deposit Price, \$1,000
(Due 12 years from date)

MEYER-KISER BANK

Resources More Than \$2,500,000
INDIANAPOLIS

Orders should be wired or phoned at our expense as we believe that this stock, so strongly guaranteed, will be quickly sold

the credit for the showing made in Mr. Trabue's district, it is stated. Red Cross officials maintain that

MOTHERS
Vices Vaporous

this record should hold out encouragement to other canvassers because it reveals that the people of Rushville are ready to renew their memberships if they are only given the invitation.

S. L. Trabue, Rushville township chairman, announced today that district captains could report to Miss Sleeth if they are unable to find him because he will be out of the city the latter half of the week.

Chase Maunzy, captain of a city district, has reported 43 members, and Hugh Maunzy, another city captain, has reported 41 members. Ward captains sent in 53 names, making only a partial report, as part of this territory has not yet been canvassed.

The latest out township reports received were from Mrs. Smullen of Washington, who sent in \$270, and

from Wiley McKee of Milroy, who sent in \$311 for Anderson township.

Michigan salt wells are rapidly being developed so that the state's output is approaching first rank in the country.

Took Out Dreadful Soreness

When the kidneys are weakened or overworked so that they fail to filter and throw all impurities out of the blood, the poison remains in the system and backache, soreness, lameness and rheumatic pains are likely to develop. Mrs. David Henry, 65, S. Lincoln Ave., Washington, N. J., writes: "Foley Kidney Pills are doing me much good, both my kidneys and rheumatism. They took all the dreadful soreness out of my limbs."

The Happy-Go-Lucky club will be entertained at the home of Mrs. Will McMillin northeast of the city Thursday.

* * *

The K. of C. will give a euchre card party Thursday evening at eight o'clock in their hall in West Second street.

* * *

The War Mothers will meet tomorrow afternoon at 2:30 o'clock in the court house. All members are requested to attend.

* * *

Miss Kathryn Readle had as her dinner guests Sunday at her home north of Arlington, the Misses Marjorie Winslow, Ruth Arnold and Helen Spivey.

* * *

The Marion Social Circle will be entertained at the home of Mrs. Michael Oneal in North Sexton street Thursday afternoon. The assisting hostess will be Mrs. Kate Jones.

* * *

The Industrial club will meet all day Thursday at the home of Mrs. Malinda Young in West Seventh street. A pitch-in dinner will be served at noon. All members are requested to be present.

* * *

The Immaculate Sodality of the St. Mary's Catholic church will meet at the home of Miss Helen Black in North Jackson street tonight. All members are urged to be present.

* * *

The Band of Workers of the First Presbyterian church will be entertained tomorrow afternoon by Mrs. H. Schmalzel at her home in West First street. She will be assisted by Mrs. Agatha Ward and Mrs. Walter Perkins.

* * *

Miss Louise Sipe entertained with a prettily appointed dinner party at her home in Orange Sunday evening. A bouquet of all flowers formed the centerpiece for the table and covers were laid for Miss Edna Beyer, Stanley Stewart and Garrett Ricketts.

* * *

Mr. and Mrs. Walter Hech entertained Sunday with a twelve o'clock dinner party. Covers were laid for Mr. and Mrs. John Darnell, daughter Mary Louise and son Herschel, and Mr. and Mrs. William Crooks, daughters Gladys and Helen and son Wayne.

* * *

An Indoor Fair will be given at the K. of C. hall in Connersville Wednesday evening, to which the Knights of Columbus of this city are invited to attend. A special car has been provided and will leave this city at 8:35 Wednesday evening. Everybody is invited to go.

* * *

Miss Mabel Hamilton entertained at her home north of the city Sunday nine of her girl friends with a dinner party. The guests were the Misses Grace and Clara Carson, Opal and Marie Kiser, Hazel Rider, Elsie Scott, Edna Hood, Ida Foley and Della Cole. The centerpiece for the table was a basket of fruit. The afternoon was spent with music and games.

* * *

Among the many social events being given in honor of Miss Frances Frazee, who will become the bride of Jay G. Drum of Miles City, Montana, this evening, was the beautiful bridal dinner party given at the home of Mr. and Mrs. A. L. Riggs in North Perkins street last evening. The color scheme used in the decorations of the bridal table was yellow and red fall flowers being used to form the centerpiece for the table. Two cupids dressed as brides were placed at each end of the table and cards of miniature brides and bridegrooms marked the places for twenty guests. The out-of-town guests present were Mr. and Mrs. Holten of London, Ohio, Mrs. Maud Shields of Chicago and Lewis Frazee and Jay G. Drum of Miles City, Montana.

scene of a very delightful gathering Sunday when about forty of her relatives assembled to spend the day with her. The affair was in memory of her eighty-fourth birthday. Although Mrs. Hinchman has been compelled to remain in her home for the past several months from the results of a fall, she is still serenely cheerful and an interesting companion to friends and relatives. Mrs. Hinchman is the eldest of the three surviving members of the family of twelve children born to Mr. and Mrs. Alexander Saxon, pioneers of Fairview township, Fayette county. The other two surviving members are Samuel Saxon of Kokomo and Mrs. Elizabeth Mays of Indianapolis.

A most excellent pitch-in dinner was served at the noon hour. During the social hours that followed pictures were taken of various groups by Elmer Swier of Indianapolis. Late in the afternoon refreshments of ice cream and cake were served. The guests included Mrs. Elizabeth Mays and family, Mr. and Mrs. Harry Mays, Elmer Swier and Paul Dawson, all of Indianapolis; Morton Hinchman and family and Garney Hinchman and family of near Rushville, Mr. and Mrs. Charles Myers of Mays, Gillespie Saxon and family from near Glenwood, Mr. and Mrs. Herschel Rhodes of Falmouth, Mr. and Mrs. Edward Dolan, Mrs. Mary Saxon, Mr. and Mrs.

Walter Saxon and Chester Saxon and family, all of Fairview and vicinity.

Miss Donan's Study Class will meet tonight in the assembly room of the court house at 7:15 o'clock.

Miss Alice Frances Bennett entertained a number of her small friends yesterday evening from four to six o'clock, honoring her eighth birthday. A prettily appointed birthday dinner was served and games and music were enjoyed afterwards. The guests were Mildred Casady, Judith Mauzy, Alice and Lucille Brown, Winifred Ward, Helen Col-

WAS RESTLESS AT NIGHT

Coughs and colds are prevalent, and it is a serious mistake to neglect them, as dangerous sickness may develop from them. There is one safe and reliable family remedy for coughs, colds and croup. John Conroy, Oliver, Pa., writes: "My ailment was a bad cough for three years. Then I got a bad cold and could not sleep for coughing. I was restless at night, but I am all right now, thanks to Foley's Honey and Tar. It clears the throat of phlegm and mucous and coats the raw, inflamed surfaces with a healing, soothing medicine. F. B. Johnson. (Adv.)

Nervous Women

Nothing is so good for you as Vinol, our Cod Liver and Iron Tonic. It invigorates the nerves and creates strength.

Here is Reliable Proof:
Union Hill, N. J. — "I suffered from a nervous breakdown, was anemic, thin, had a stomach trouble and could not eat, sleep or work. I had doctored without benefit until one day I read about Vinol, and after taking one bottle I began to improve. It strengthened my nerves, gave me a good appetite, and I sleep well and feel better in every way." — Mrs. CHARLES WEST.

The reason Vinol is superior to any other remedy is because it contains the oldest and most famous body-building and strengthening tonics known to medicine.

Your money back if it fails.

MAKES PUBLIC THE CAMPAIGN DATES

Director Jones Announces Red Cross Xmas Seal Drive Will Begin December 1st.

SENDS APPEAL TO MINISTERS

Quota For State of Indiana in 1919 Xmas Seal Sale is Fixed at 27,000,000 Seals.

Indianapolis, Ind., Nov. 18—E. Q. Laudeman, secretary of the Indiana Tuberculosis Association, today made public the campaign dates for the state's greatest Red Cross Christmas Seal drive, which begins formally December 1st. The announcement was made in a letter from D. Burr Jones, Campaign Director in this city, to each of the ninety-two County Tuberculosis Organizations throughout the state.

Red Cross Christmas Seal Sunday in the churches and Sunday schools throughout the state will be observed November 30th, according to the announcement. An appeal is going forward to more than 3,000 ministers, priests, rabbis, Sunday-school superintendents and other church leaders, asking that the services on November 30th be devoted to the Red Cross Christmas Seal story and inspirational discussion of the fight of humanity against the "White Plague".

On December 1st, 2nd and 3rd the first selling of Health Bonds ever attempted in Indiana will be carried on by ninety-two County Tuberculosis Associations throughout the state. The Health bonds are to represent the investment of public spirited citizens in Community Health work which formerly has been financed wholly by Red Cross Christmas Seals. Supplies of the Health Bonds have gone forward to workers in all counties and already pledges to purchase these bonds have been received from many hundreds of persons by the local committees. The bonds are in denominations of \$5, \$10, \$25, \$50, \$100.

On December 4th, 5th, and 6th a state wide program of personal solicitation for the selling of Red Cross Christmas Seals by Tuberculosis workers in each town, city or rural district will be carried forward by the local committees.

December 8th and 9th have been set aside for the presentation of the story of Red Cross Christmas Seals and their meaning in the schools of every county in the state. The sale of seals to school children and their parents will be carried forward during these two days particularly.

"Mopping Up Day" has been set for December 10th and each local organization in the state already has laid plans to complete the soliciting of its particular territory on that day.

On December 11, gigantic Red Cross Christmas Seal Sale booths will be placed in prominent location in every town and city of the state, and the Christmas Sale of Seals will

RADICALS LOSE SEATS IN FRENCH ASSEMBLY

Radical Element Loses Ground and Will be Short 17 Seats in the Chamber of Deputies

ELECTION IS HELD SUNDAY

Paris, Nov. 18—France has replied to the Bolshevik challenge with a sweeping defeat of the radical candidates.

Returns from Sunday's election for the chamber of deputies covering about one-half of the total vote cast showed the radical lost grounds throughout the republic.

Reports from twenty-seven districts showed that the socialists had 10 seats, progressives 9 and the liberals 10.

The radicals lost 17 seats, the socialists 10 and the conservatives 2, early reports showed.

be carried forward from these booths by Tuberculosis Workers until Christmas day, December 11th. Hundreds of thousands of letters telling the story of the Red Cross Christmas Seal will be sent out by many local Tuberculosis Societies. The booths will be placed in post-offices, railroad stations, hotels, other public buildings and on prominent street corners.

The quota for the state of Indiana in the 1919 Red Cross Christmas Seal Sale has been fixed at 27,000,000 seals. Each seal sells at one cent. The money derived from the seals is used in the Local, State and National Anti-tuberculosis work which has attracted the attention of the nation for many years.

WORK IN M. M. DEGREE

Phoenix Lodge No. 62, F. & A. Masons, will have work in the M. M. degree Tuesday evening at 7:30 o'clock. A large attendance is desired.

BELCHING Caused by Acid-Stomach

Let EATONIC, the wonderful modern stomach remedy, give you quick relief from disgusting belching, food-repeating, indigestion, bloated, gassy stomach, dyspepsia, heartburn and other stomach troubles. They are all caused by Acid-Stomach from which about nine people out of ten suffer in one way or another. One writes as follows: "Before I used EATONIC, I could not eat a bite without belching it right up, sour and bitter. I have not had a bit of trouble since the first tablet."
Millions are victims of Acid-Stomach without knowing it. They are weak and ill, have poor digestion, bodies improperly nourished although they may eat heartily. Grave disorders are likely to follow if an acid-stomach is neglected. Cramps of the liver, intestinal congestion, gastritis, constipation of the stomach—these are only a few of the many ailments often caused by Acid-Stomach.
A sufferer from Catarrh of the Stomach of 11 years' standing writes: "I had eaten of the stomach for 11 long years and I never found anything to do the job good—just temporary relief—and I used EATONIC. It is a wonderful remedy and I do not want to be without it."
If you are not feeling quite right—lack energy and enthusiasm and don't know just where to locate the trouble—try EATONIC and see how much better you will feel in every way.
At all drug stores—a big box for 50c and your money back if you are not satisfied.

STATE TREASURER TO BUILD AUTO BODIES

Uz McMurtrie Will Head Indianapolis Concern That Will Increase Auto Production

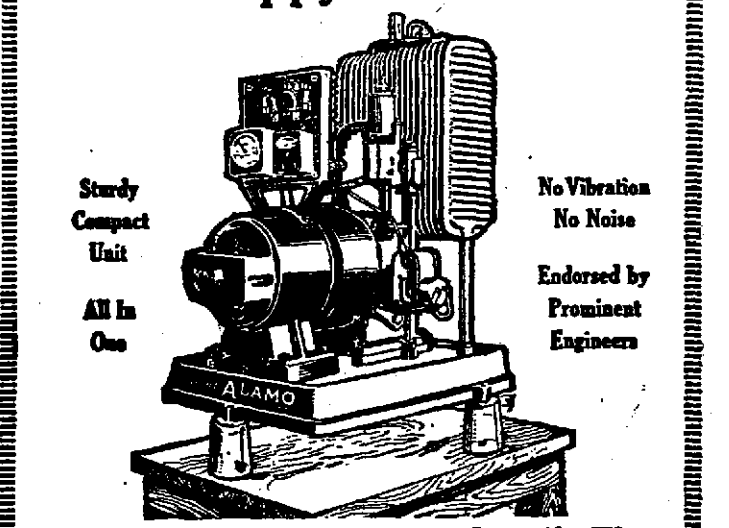

CAPITALIZE AT 2 1/2 MILLION

Uz McMurtrie, treasurer of Indiana, who has already announced his intention to head a big automobile body building organization in Indianapolis, announces now that his new company will be known as the Robbins Body Corporation, that it will be capitalized for two and one half million dollars, and that its purpose will be to tend to relieve the serious shortage of bodies, particularly in this Indiana territory. A large modern factory, in addition to the present one at Morris and Division streets in Indianapolis, which will be built on the combined sites of the former Irvin-Robbins and Pathfinder companies, will give the new Robbins Body Corporation approximately 500,000 square feet of floor space, and make it one of the largest and best equipped body building plants in America. Work on this permanent enlargement of the new plant is already well under way.

A careful study of the automobile body situation reveals two things of importance, namely, that the body situation is the determining factor in automobile production, just now, and that the tendency in body design is unquestionably toward closed construction, says Mr. McMurtrie. "Indianapolis motor car manufacturers, alone will require something like eight million dollars worth of bodies within the next twelve months and it was largely through the insistence of the local car manufacturers that it was decided to develop an adequate body building plant in West Indianapolis.

George Peabody, founder of Peabody's institute, was offered the title of baron by Queen Victoria, but declined it.

Electric Light and Power for Happy Farm Life

For Dependable Service Install The **Silent ALAMO**
Electric Light and Power Plant

Everybody knows the advantages of electric light and electric power. Everybody wants this modern day convenience. The big question is "What plant shall I select?"

Take our advice. Select the plant that's silent—the plant that's free from terrific vibration—the plant that won't quickly shake itself to pieces. Install the wonderful Silent Alamo.

No Vibration—No Noise
In the Silent Alamo there is no noise—due to the quiet operation of the Idle Super Silent Motor with the rotating sleeve-valve. There's no severe vibration—due to scientific balancing of weight. Thousands of farmers as well as staid old engineer experts have been amazed by this silent plant. Come in and see a demonstration. Learn why the Silent Alamo assures years of service.

Service Through Organization

THE only difference between big business and little business lies in the number of units of effort and the character of service rendered.

The laboring man is in business for himself. He renders a service by selling his time, energy and skill.

Big business is the grouping together of a great many units to render a greater service by co-ordinating the efforts of the individuals and selling the results of their combined time, energy and skill.

Up to a few years ago the general public did not understand the ideals of service underlying big business. What it did not understand it distrusted and naturally condemned.

When the Allies decided to organize their armies on the basis of big business—for a common service—they began to get results, and the world saw the benefits to be derived from intelligent organization.

The Standard Oil Company (Indiana) is a big business, organized to render a useful service.

The objective of the Company is to manufacture the greatest number of useful products from crude petroleum, to distribute them so that they are available to all and to sell them at a minimum price.

The methods by which the Standard Oil Company (Indiana) renders these services embrace the truest financial democracy, the most advanced merchandising practices and extensive scientific research.

These are intended to expand the usefulness of the Company as a public servant, by maintaining the quality of petroleum products manufactured at the highest standard, by making an adequate return to those who are investing their money or their time in the business of the Company and enabling the public to secure their requirements of such products at a minimum of expense.

It is this spirit of co-operation animating the Board of Directors which enables the Company to discharge its complete obligation as a public servant in a manner satisfactory to its patrons.

MICHIGAN WILDS ARE DESCRIBED

L. W. Duffey of Indianapolis, Who is on Deer Hunt, Writes Wife Who is Visiting Here.

FINDS WINTER EVERYWHERE.

Says Hoosier Deer Traffic Society is Farther in No Man's Land Than Ever Before

A description of the wilds of Michigan, where the rural population "is at Adam's part", is contained in a letter from L. W. Duffey of Indianapolis to his wife, formerly Miss Mary Amos, who is visiting her parents, Mr. and Mrs. Willard Amos of North Perkins street.

The crowd of deer hunters were along the Fence river in Iron Mountain county, Upper Peninsula, when the letter was written. Mr. Duffey tells of seeing deer for the first time and repeats other interesting experience in the letter, which is as follows:

The annual Hoosier Deer Traffic Society came into the wilds all fit and fine. We have gone back farther than ever before into no-man's land where in fact the rural population remains at Adam's part.

'Tis hard to believe that in an adjoining state one could pass so completely into a state of winter. The frontier appearances of these parts prove conclusively that all this portion of the state is made up of the storm—storm fragments of the upper tier of states hangs heavily over into the wilds of the great north-west.

At Channing, Upper Peninsula, the arctic agencies began to play. The ground was completely covered with snow. The children were skating all about. At Witch Lake where we broke with civilization's course, three great sleds were waiting to bear us out over a great area made desolate by lumber jacks and forest fires. All about these happy hunting grounds the original arrangement of nature still obtains.

While heeling the sleds up through the Bear Lake region, our hearts were made to bump in our shirts when we came into some unchased deer. The legal ban is not off until November 10. They eased themselves away in a rolling, galloping manner over the logs and through the shrubs into the great sloughs and wind falls like a band of flat-jumping kang-tails leaving the wire at Churchill Downs. The deer love to hide in those pine-dotted pockets so sluggish with moisture. While there they feed on the mosses that cap the little soil patches which crowd through the water line. From the knees down the deer is quite a water animal, often standing for days in cold weather in these swamps.

In our well ordered camp the forces of nature have worked wonders, her landscape work and utility service contribute much to our pleasure and comfort. The great Fence river with its beautiful shrub frills, whips itself into our camp at grade from the northwest point of the compass. It fairly drops right out again in a westerly course over the rapids into the irregular topography of the earth beyond as if it were in an effort to lose itself.

Our member banker, James Staley of Lebanon, speaks of meeting Mr. and Mrs. Robert Tompkins in California.

Our teams are ordered to return on December 1 when all are expected to "fill" their quota of a lone deer.

SERVICE STATION

Prest-O-Lite
STORAGE BATTERY

Why a "Battery Service?"

BECAUSE the thousands of storage batteries in use on cars today require certain care and periodical tests to keep them in condition.

In (Marion) County alone, there are (20,000) automobiles which carry batteries, representing quite a serious responsibility for the few really good Battery Service Stations equipped and competent to reduce battery troubles and to prescribe the proper treatment when they do occur.

To do our bit in serving the thousands of car owners who look to "the Oldest Service to Automobile Owners in America" for advice and expert assistance in battery matters, we have equipped ourselves to represent The Prest-O-Lite Co., Inc., as an Official Service Station for this district.

We are running the kind of Service Station you will appreciate. It is our policy to give the kind of service that will make every customer a permanent one.

Service on all Makes of Batteries

No matter what car you drive, you are invited to call on us to inspect and test your battery. We make no charge for this service. We render it gladly as a feature of Prest-O-Lite Service. We also recharge and repair all makes of batteries.

Eventually you will need a new battery. When you do, we will be ready with the correct size—a Prest-O-Lite—the one battery for those who haven't the time nor the inclination to study the mechanics of a battery or assume the care of one.

We want to serve you because we know we can serve you better. We are looking for a chance to prove it.

Official Prest-O-Lite Service Station.

ODD FELLOWS GO TO STATE MEETING

Grand Encampment Opens in Indianapolis Today and Grand Lodge Tomorrow

FORMER GRAND MASTER THERE

A number of Rush county Odd Fellows went to Indianapolis today to attend the annual session of the grand encampment of the Indiana I. O. O. F., which opened this morning. Wednesday and Thursday the grand lodge will be in session and it is expected that many more Odd Fellows from here will be in attendance at that time.

J. T. Arbuckle, past grand master in Indiana, and Frank McIlwaine, from the Rushville lodge, went to Indianapolis early this morning to be present for all the sessions of the state meetings.

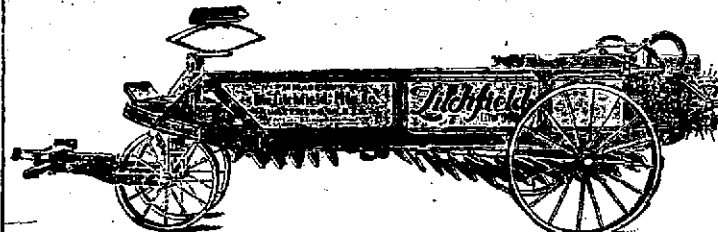

Under the rule of succession Will Ehrhardt of Greensburg, who is well known to Odd Fellows here, will become grand master for the coming year. The annual report of W. H. Leedy, grand secretary for the state will show a gain of 2,656 members during the year advance reports say. The present membership in Indiana is 80,615.

COON DOG CASE DISMISSED

Understood Alonzo Linville Will Attempt to Recover \$30

Squire Stech this morning dismissed the case of Leonard Moore against Alonzo Linville of Orange township for replevin and damages. It will be recalled that Moore, who lives in Franklin, came here Saturday after his valuable coon dog, and filed papers against Linville. The dog was found in Linville's possession and given over to the owner. It is understood here that Linville purchased the dog and paid \$30 for it. In all probability the case will not stop, as far as Linville is concerned, as he will proceed to recover the money which he paid for the dog. It is reported that the grand jury may investigate the matter at their next session.

GUARANTEE

WHAT IT MEANS

The lawful meaning of the word "guarantee" is this: The guarantor and the person receiving the guarantee become parties to a contract. The third party to this contract is the article guaranteed. When the Spreader is guaranteed for five years against all flaws and defects, etc., in workmanship or material or construction, this MEANS something and becomes a real PART of this modern machine.

Our guarantee is issued on a special form provided by the factory and goes to the factory for official signature and to be made a record of. This is REAL protection.

I don't want to sell you the "RUSHVILLE SPECIAL" Spreader because of the guarantee alone, but this guarantee should show you that you are protected and that the builders know what they can do and are prepared to do it.

The reason the "RUSHVILLE SPECIAL" Spreader can be guaranteed in this manner is because of the style of general construction and because the factory that builds it makes every part and piece that goes into it. This factory is not an assembling institution, but a real manufacturing plant.

We want to again emphasize the fact that this spreader is selling as cheap and perhaps more cheaply today than it will be in many, many months to come. Don't therefore, delay your purchase. Buy it now—immediately. Take advantage of what it can do for you. Don't put off this good thing. It won't pay. Come in and see the "RUSHVILLE SPECIAL" Spreader.

C. H. Tompkins
RUSHVILLE, IND.

HOME MADE REMEDY CATARRH AND COLDS

Nonexpensive—Cut This Out.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Ask your druggist for three quarters of an ounce of Mentholized Arcine and pour it into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and sniff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat so clean and healthy that germs of flu or any other germs will have a hard time gaining a foothold.

is the dentrifice that contains the properties recommended as ideal by United States Army dental surgeons

WAS NERVOUS AND RUN DOWN

RESTORED TO NORMAL HEALTH BY BIO-FEREN

"I feel I owe you people a world of gratitude for the benefit I have received in using your wonderful remedy—Bio-Feren Tablets, which have completely restored me to normal conditions," says Joseph E. Webb of Muncie, Indiana.

Bio-Feren is without doubt the grandest and quickest remedy for nervous, run down, weak, anemic men and women ever offered direct through the druggists and is not at all expensive.

Take two after each meal and one at bed time, and after seven days take one after each meal and one at bed time until the supply is exhausted.

Then if you feel that any claim made in this special notice is untrue—if you are not in better health—if you do not feel ambitious, more vigorous and keen minded, yes, twice as much as you did before, the druggist who sold you the tablets will gladly hand you back just what you paid for them.

All druggists in this city and vicinity have a supply on hand, or can easily get it for you.

Seven a day for seven days—Wonderful results.

Don't Burn Good Fuel in a Poor Stove.

TAKE PEPSINCO

It's a useless waste of good fuel and needless extravagance to try to burn it in a poor stove. It is absolutely wrong to expect good food to supply energy, vitality, health and happiness, if your stomach won't absorb and assimilate it. If you cannot eat with enjoyment; if your food does you no good; if food distresses, rather than benefits, then you have indigestion or dyspepsia. The best remedy to use is PEPSINCO.

Ask your druggist—he sells and recommends Pepsinco.

ATHLETIC RULES MAY BE CHANGED

Legislative Committee of the National Association Will Meet to Make New Regulations

34 PROPOSED AMENDMENTS

Some Changes Expected in Basketball, Wrestling, Boxing and Swimming—Other Changes

By HENRY L. FARRELL
(U. P. Staff Correspondent.)

New York, Nov. 17—Even the amateur athletes have been hit by the high cost of living.

A star performer can't live any more on five dollars a day. To insure three "square meals" a day, parlor car accommodations and good hotels for the travelling stars, Justice Bartow S. Weeks, head of the legislative committee of the Amateur Athletic Union, wants traveling expenses raised to seven dollars a day.

This is one of the changes in the constitution that will be proposed by the legislative committee at the annual meeting of the union in Boston today.

Unless the traveller is a girl under twenty-one years of age who needs massage experts, neither can the traveller bring along a friend or a relative at the expense of the club, according to the substitute clause proposed.

The Pacific association of the A. E. U. proposes an amendment prohibiting athletes of other countries from competing in national championship events. This proposal was voted down last year on the ground that American athletes are not barred from the national events in England, Sweden and Canada.

There are thirty-four proposed amendments in all. Among them are an entire new set of handball rules and various small changes in basketball, wrestling, boxing and swimming rules.

A very important change suggested would bar only the winners of big inter-collegiate events from competition in the junior championship classes. Some of the colleges complained that they had suffered through the existing regulation which made ineligible members of their teams who had won events in small intercollegiate championships such as the middlestates, the New England, the South Atlantic and other similar intercollegiate championships.

The delegates will also be asked to accept as members the Indiana Athletic Association and the Niagara Athletic Association, both of which have been formed during the last year.

Y. M. C. A. DRIVE OPENS

Newcastle, Ind., Nov. 8.—A drive to raise \$250,000 for a Y. M. C. A. building opened here today and will continue for a week. Two hundred volunteer workers are participating. Jesse French, Sr., has also contributed \$10,000 and John H. Hewitt, a wealthy farmer has given a local business block to be used as an endowment which will yield about \$5,000 a year.

Belgian Congo, which until recently has been depending on foreign countries for its rice, is now exporting tens of thousands of tons.

KNIGHT TEMPLAR MEETING

Rushville Commandery No. 49 K. T. will meet Wednesday evening at seven o'clock and confer the Temple degree upon two candidates. All Sir Knights are requested to meet promptly at seven for drill practice for inspection on November 25th.

For Liver and Bowels

Dr. Carter's K & B Tea

A Mild, Gentle Vegetable Laxative and Healthful Drink

You can keep the whole family in good health if you will brew a cup of vegetable tea every other night and have them drink it just before going to bed.

For very little money you can get a package of Dr. Carter's K & B Tea, and after you and the dear ones have used it for a week you'll say it's the finest, gentlest and most complete tonic laxative you ever ran across.

For stomach, liver and bowels and to purify the blood, nothing is more reliable. Give it to the little ones when they get feverish and can't eat. They like it and it does them lots of good.—(Adv.)

When You Think of Low Gas--Think of Us

Hunt Hardware Store

We now carry all kinds of Combination Ranges, burning Gas, Coal, Wood, Slack and Hard Coal, made with one and two ovens. Constructed of cast, also steel. Everyone we sell we guarantee to bake with the same amount of gas as a gas range and work correctly with all other fuels.

MATCHES CAUSE BIG FIRE LOSS

Motion Pictures Will be Used to Lessen the Yearly Loss Caused By Matches

MUST EDUCATE THE PEOPLE.

Good idea is pointed out to Break the Lighted Match Before Throwing Away

(By United Press.)

New York, Nov. 18—When match-breaking becomes a national habit, 50,000,000 a year will be saved.

By breaking matches—that is, of course, matches you use to lighting your cigar, cigarette, pipe or gas stove—many the fires that annually cause a loss of approximately \$325,000,000 will be eliminated, according to a statement by fire prevention authorities. And to spread the gospel of breaking matches and preventing fires, a nation-wide moving picture campaign of education is to be started.

"Under existing conditions America's fire losses are increasing year by year," said Harvey Levey, educational director of a film company that is to produce the pictures. "There is only one way it can be outdone—that is by education. The fire departments are doing the best they can. Until the people are educated to back them up, America will continue to pay—not only in money but in lives, and that must be placed first."

The campaign will be put on in co-operation with efforts of the bureau of forestry of the Department of Agriculture. Films showing every phase of destruction by fire and of methods to defeat heavy fire losses will be exhibited in theatres in every community in the country, Levey said.

The first essential, Levey said, is the breaking of lighted matches before they are thrown away. Much less chance will then be afforded for a match to ignite adjacent combustible materials.

FARMERS FEDERATION NOW IN FIRST MEETING

First Convention of Newly Organized State Body Gets Under Way Today

MOST OF INDIANA ORGANIZED

Indianapolis, Ind., Nov. 18—Marking a new epoch of cooperation between tillers of the soil, the first annual convention of the Indiana Federation of Farmers association opened at Tomlinson Hall here today.

Early arrivals indicated that the convention would be the greatest gathering of farmers in the history of the states. More than seventy-five percent of the counties are organized, according to federation officials, and several of these are one hundred percent organized.

Constructive legislation and a number of changes in the constitution of the federation are among the important issues to be brought before the body. The convention is expected to endorse a bill tending to regulate the price of pork and other meats on the hoof as a result of the recent fluctuation on the Indianapolis livestock market.

John G. Brown, of Monon, president of the federation, held the chair. Other officers are W. H. Hickman, Montpelier, vice president and chairman of the executive committee, E. E. Reynolds, Lafayette, second vice president; Charles E. Chester, Hobart, treasurer; William Bosson, Indianapolis, special treasurer of the guarantee fund; C. W. Hickman Lafayette, record secretary; and Lewis Taylor, Indianapolis, general secretary.

What Doctors Use for Eczema

A soothing combination of oil of Wintergreen, Thyme, and other healing ingredients. It soothes, cures, and prevents the return of this skin condition for all skin diseases. It soothes the skin, gives instant relief from the most distressing skin diseases.

Quick Action When Pneumonia Threatens

Tightness and Soreness in Chest Calls for Begy's Mustarine

Don't fool with slow acting liniments, poultices, plasters, hot water bottles and the like when Begy's Mustarine, the first and best improvement on Grandpa's old-fashioned Mustard Plaster will subdue the inflammation and put you right over night.

It's hot stuff—is Begy's Mustarine—that's why it's the speediest killer of pain in the world.

But it can not blister—you can always depend on that, but it will open up the pores and end the misery, in double quick time.

It's the real honest remedy for all aches and pains, for congestion and inflammation, for swellings and soreness.

Use it the minute you suspect that influenza is attacking you and remember to apply it promptly if you want to conquer sore throat, tonsillitis, croup, coughs, pleurisy or bronchitis in just a few hours.

Always in the yellow box—never sold in jars—and money back if not as advertised. Be sure it's Begy's Mustarine.

S. C. Wells & Co., LeRoy, N. Y.

MEASURE PROVIDES EDUCATION OF ALIENS

Bill Recently Introduced May Educate Foreigners Who Wish to Become Citizens

PUBLIC SCHOOLS TO BE USED.

Washington, Nov. 17.—The complete Americanization of aliens who come to this country to become citizens is provided for in the new naturalization measure which has been reported favorably to the House by the committee on immigration. This desirable end is to be brought about through the extension of educational advantages through the public schools of the individual states with the liberal cooperation of the national government. This will be a broad expansion of the system inaugurated by the naturalization act of 1918, which, according to the report of the Committee, has been of surprising benefit.

This enlarged work is to be continued under the Division of Citizenship. Training of the Bureau of Naturalization, which is now engaged in less pretentious work along the same lines. Concerning the work of the Division, the report says:

"It has effected a reorganization of virtually the entire public-school systems of the United States so far that for the first time in the history of the Nation provision is made for adults to secure an education in the common-school studies without being obliged to attend classes primarily organized for children."

Chinook jargon, spoken by the Indian tribes of the Pacific Northwest, is a strange medley of pidgin English and the languages of several of the Indian tribes.

WAR MOTHERS TO PLANT MANY TREES

Will Cooperate With American Forestry Association and Dedicate Trees For Soldiers

THANKSGIVING APPROPRIATE.

Will Not Only Plant New Trees But Will Also Treat Diseased and Injured Ones

(By United Press.)

Washington, Nov. 18.—The War Mothers in co-operation with the American Forestry association, which is registering all memorial trees in a national honor roll, today completed plans for the biggest memorial tree planting program ever undertaken in the United States.

The Service Star Legion, of which Mrs. Robert Carlton Morris of Toledo is the national president, is now planning for the planting of thousands of memorial trees through ever chapter in the country. This is the organization made up of eleven organizations of women relatives of men in the world war.

"Our second Thanksgiving Day since peace came," says Charles Lathrop Park, president of the American Forestry association, "brings a fine opportunity to plant and dedicate memorial trees in honor of the war's heroes. In the action of the Service Legion there is the greatest inspiration for these war mothers know and feel the war as perhaps no others did. Reports show that tree planting associations are being formed by teachers in many states."

In its instruction for December the association points to the need of care for the trees during the winter. All the weaker trees should be treated with fertilizer by giving the top soil well rotten manure and digging it in lightly. Splitting of bolted trees will be found as the colder days come and the association will give instructions as to handling. All trees marked in the fall should now be cut down and the infested wood burned.

Miss Gladys Chadwick who was brought home from Butler College Saturday morning on account of illness, was operated on Monday morning at the Sexton's hospital for appendicitis. She is recovering nicely.

That's Right; Say I Want Celery King

Get a package tonight. It's cheap and you can brew a lot of tea with one package.

Take a cup every other night to regulate your bowels, to purify your blood and make you strong so you can withstand an attack of influenza if it happens to come along this winter.

It's one great vegetable laxative, and it won't cost you but a few cents to find it out.

Children like it, and there is nothing better that you can give them when they are ailing. (Adv.) 5

Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—Camels are such a cigarette revelation!

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem made to meet your own personal taste in so many ways!

Freedom from any unpleasant cigarette after-taste or unpleasant cigarette odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

If you were selling a car of hogs whose average weight was 250 pounds each, and the market price was \$15.00 per hundred at the Indianapolis yards, and a packer buyer would ask you to let him buy them at \$12.00 with an average weight of 225 pounds, just what would you do and say?

And yet you feed feeds that do not produce a maximum weight and costs you more to feed than a balanced feed such as Fat Back Hog Feed.

Yes, you want all the weight you are entitled to, as well as the proper price. Then why not be as fair in your own feeding as you demand the buyer of your hogs to be fair in weight and price?

NOTICE OF FINAL SETTLEMENT OF ESTATE.

Notice is hereby given to the creditors, heirs and legatees of Mary J. Halstead, deceased, to appear in the Rush Circuit Court, held at Rushville, Indiana, on the 19th day of November, 1919, and show cause, if any, why Final Settlement Accounts with the estate of said decedent should not be approved; and said heirs are notified to then and there make proof of heirship, and receive their distributive shares.

Witness: the Clerk of said Court, this 28th day of October, 1919.

LOREN MARTIN,
Clerk Rush Circuit Court.

Oct 28 Nov 4-11-18

NOTICE OF ADMINISTRATION

Notice is hereby given that the undersigned has been appointed by the Judge of the Circuit Court of Rush County, State of Indiana, administrator of the estate of Mary F. Smiley, late of Rush County, deceased.

Said estate is supposed to be solvent.

GARNET SMILEY.

Date Nov. 3, 1919.

Attest: Loren Martin, Clerk Rush Circuit Court.

Chauncey W. Duncan, Attorney.

Nov 11-18-25

NOTICE TO NON-RESIDENTS

The State of Indiana, Rush County, In the Rush Circuit Court, September Term, 1919.

Complaint No. 1939.

Garnett Smiley, Lee Smiley vs. William Smiley, Lenora Feather, Harry Feather, her husband, Gale Smiley, Emma Smiley, his wife, Clifford Smiley, Emily Smiley, Florence Wolcott, Maude McWhorter, William McWhorter, her husband, Dewey Smiley.

Now come the plaintiffs, by Chauncey W. Duncan, attorney, and file their complaint herein, which complaint is a suit to set aside deed, quiet title, partition and sale of real estate, together with an affidavit that the defendants, Gale Smiley and Emma Smiley, are not residents of the State of Indiana.

Notice is therefore hereby given said defendants that unless they be and appear on the 12th day of January, 1920, at the Court House in Rushville, in said County and State, and answer or demur to said complaint, the same will be heard and determined in their absence.

In witness whereof, I hereunto set my hand and affix the seal of said court, at Rushville, this 10th day of November A. D. 1919.

(Seal) LOREN MARTIN, Clerk.

OBITUARY

Death has again made its round and behind are left many sad hearts while the mystery is unexplained.

Mrs. Melvina Offutt was born in Georgetown, Kentucky, February 16, 1852 and departed this life November 14, 1919, making her age 67 years and nine months.

Mrs. Offutt was united in marriage to Steven Offutt February 16, 1871, and to this union were born six children to mourn her loss. Joe of Connersville, Asa of Detroit, Mrs. Robert Cain of Connersville, Mrs. Bert Matlock and Walter of this city, one son Willie who has gone on to await the coming of mother in the land beyond, also two sisters who live in Lawrenceburg, Indiana.

Mrs. Offutt united to the Christian church when a young girl. Her life was unassuming, simplicity being the keynote. She was ever ready and willing to help everyone, no matter how hard or difficult the task, she was always ready to do her part.

She idolized her family, often expressing her love for them as they were always uppermost in her mind. She planned her death as preparing to go on a long journey. When asked how she was, her face would light up with a smile, "awaiting the

Lord's call," would be her answer. The light of smiles shall fill again the lids that overflowed with tears. Weary hours of woe and pain are promises of happy years. There is a day of sunny rest. For every dark and troubled night. And grief may hide an evening quiet. But joy shall come with early light. Mother, we say by your bed. And listened and listened to all that you said. Those sad, sad days and long, dreary nights. The saddest of all was, when death won the fight. We watched you leaving us hour by hour. We tried to do all that was in our power. Mother, we miss your coming footsteps. We miss you everywhere. Home is not like it used to be. Since you left us, Mother dear. 21211

MRS. LILLE TO SPEAK

The Rev. G. Lille who is an ordained elder in the Christian Holiness church will speak tonight at the Salvation Army, at 7:30 o'clock. Mrs. Lille will bring the message next Thursday at the Holiness meeting and Adjutant Story, the provisional secretary of Salvation Army, will conduct the Young People's legion meeting next Friday. All are cordially invited to attend these meetings.

Henry Clay opposed the United States bank, but later changed his views, the only instance on which he ever changed his attitude on a political question.

WORKS HARD TO AVERT FLU EPIDEMIC

Government and City Health Officials Warn People to Keep Clean.

Stay Away from People with Coughs and Colds.

"Avoid crowds if you want to avoid influenza," says Association for Improving the Conditions of New York.

Keep your hands clean, drink plenty of fresh water; sleep with windows open; eat three uniform meals a day including a good breakfast.

People who have catarrh or frequent colds invite influenza, declares a prominent Kentucky druggist.

The membrane of the throat and nose is raw, sore and tender, and makes a lovely abiding place for germs to thrive and multiply. He advises an inexpensive home-made remedy that will bring relief in less than a day and will stop all discharge and soothe and heal the inflamed membrane in a few days.

Thousands are making this beneficial remedy at home and anyone who has catarrh or a cold can do the same.

Four three-quarters of an ounce of Mentholized Arcine into a pint bottle, then fill the bottle with water that has been boiled.

Gargle the throat as directed and snuff or spray the liquid into the nostrils twice daily. It's a simple way to get rid of cold and catarrh and keeps the nasal passage and throat clean and healthy.

Nearly all druggists dispense Mentholized Arcine in vials containing exactly three-quarters of an ounce, which is all you need to make a pint of this healthful medicine.

The Fur Season

Is not open until November 20th, except on muskrat and mink. On these two articles it is open November 1st. This is a good law and should be obeyed. There is a penalty for having unlawfully caught pelts in your possession.

I will be in the market for all furs caught in season and will pay the top of the market at all times. Call me by New Salem phone or address me at Glenwood, Ind., R. F. D.

DEALERS—It will be to your interest, if you live near me, to call me when you have a fair collection of sectional goods.

BASEBALL BARONS SOON TO POW WOW

Big "Getting Together Stunt" of
National League Heads Scheduled For Dec. 9

BIG PROGRAM OF BUSINESS

Among Subjects They Will Discuss
is Resumption of Old 154-
Game Schedule

By HENRY L. FARRELL
(U. P. Staff Correspondent.)

New York, Nov. 15.—Ban Johnson is getting so he has a relapse every time a bunch of baseball heads get together.

The big "getting together stunt" of the National League heads is scheduled for the second Tuesday of December. Ban has nothing to fear from it as the barons of the old league will not have time to even whisper of American league politics.

A big program of business may also serve to keep the magnates from talking about a successor of Garry Herrmann, under whom dynamite that failed to explode was shoved several times during the late season.

There is a pile of work for the magnates to get off their chest during the busy shopping time. Among some of the subjects they will discuss are:

Resumption of the old 154-game schedule.

Abolition of the nine-game world's series.

Barring of late season trades.

Ban on freak pitching deliveries.

One experience with the 140-game schedule has been enough for the magnates and they are sure to return to the old 154-game route or even got it better by adding a dozen or so games. Some of the moguls have broached the 168-game idea but it hasn't been received with wild acclaim. It would necessitate an earlier start in the spring or a late finish both of which are weather gambles. All the barons favor the 154-game schedule, however, and it probably will be adopted without much consideration.

In spite of the massed opinion of the public against the nine-game world's series it seems probable that this warlike venture may not be discarded. Some of the dollar-grabbing owners still believe that a long series can be put across. Opinion is so divided that the subject may not be decided at the winter meeting and the buck may be passed to the national commission to be decided next fall.

Yelps were made last year that money was being used to buy the pennant when McGraw went out and bought Arrie Nehf and Frank Snyder. Several of the magnates got all riled up over it and vowed that it would never happen again if they could legislate against it. One of the propositions made—which may be presented for adoption—was a law to prevent trades, swaps, deals, transfers, exchanges and bays, purchases, sales, etc., after the middle of the season. This they claim would prevent the rich, wealthy capitalists of the league from opening their purse strings and "stealing" up for the late season drive pennantward. This campaign is the "pet elephant" of the anti-McGraw faction, which is mostly Cincinnati.

The funeral chimes must peal for the shine ball, the spitter the knuckle ball and all other freak, unusual, new and novel deliveries. Such is the edict of Barney Dreyfuss, Charles Ebbetts, et al., who succeeded in having a meeting of the rules committee called. They want the help of their brother barons in having that nuisance eradicated, if not abolished. They are so emphatic that they would deprive the pitcher of his glove if necessary to remove the chance of using resin, paraffine, or any "rough stuff" to disfigure the pellet and put jumps on the ball that is making the batters look feeble.

Then there is also the renewal of the antique campaign for "one ball yard in one town." Some of the bosses have been quoted as favoring a combination of parks in cities where teams of both leagues operate. They point to the system in New York as ideal where the Yankees and the Giants both play on the Polo grounds. Combination of

resources will result in much better parks, they claim and in the long run will be money savers—and of course, the latter is to be considered most in all things.

If this isn't enough to keep the barons busy, they might talk about Ban Johnson or give Garry Herrmann a few verbal black eyes or even do some more legislating against the minors.

HAAGS SENTENCED TO THE PENAL FARM

Indianapolis Druggists Are Denied
New Trial by Special Judge
Sparks Monday

APPEAL TO SUPREME COURT

Judge Will M. Sparks of this city, special judge in the case of Louis E. and Julius A. Haag, Indianapolis druggists, who were found guilty in Marion County Criminal Court of selling liquor illegally, yesterday overruled a motion by the defendants' counsel for a new trial. Attorneys for the druggists then submitted a petition for appeal to the Supreme Court of Indiana. The defendants were admitted to bail of \$1,000 each, which was provided by Andrew Steffen, a cigar manufacturer, 402 East Washington street.

After overruling the motion for new trial Judge Sparks pronounced sentence of thirty days at the state penal farm and fined the druggists \$40 each.

Demosthenes took up the study of law that he might sue his guardians who had cheated him of his fortune.

300,000 Maxwells

*How they created a demand
for the Post-War Maxwell
that cannot be fulfilled*

THERE is a demand for the Post-War Maxwell that eight great plants cannot fill. More than 40,000 persons who set their minds on having one will have to go without.

The cause for this is due largely to the magnificent performance of the 300,000 previous Maxwells.

They delivered such excellent mileage at such low cost that the great American public learned to know this car.

This unprecedented demand is evidence of its deep rooted appreciation. Then when the Post-War Maxwell came out, with its score or more of refinements and improvements developed during the war, the demand for Maxwell reached a new peak.

100,000 are being built during the current year. 40,000 more readily could be marketed.

Thousands are priding themselves on possessing one of these Post-War models; thousands more will have their hopes filled; thousands will have to go without.

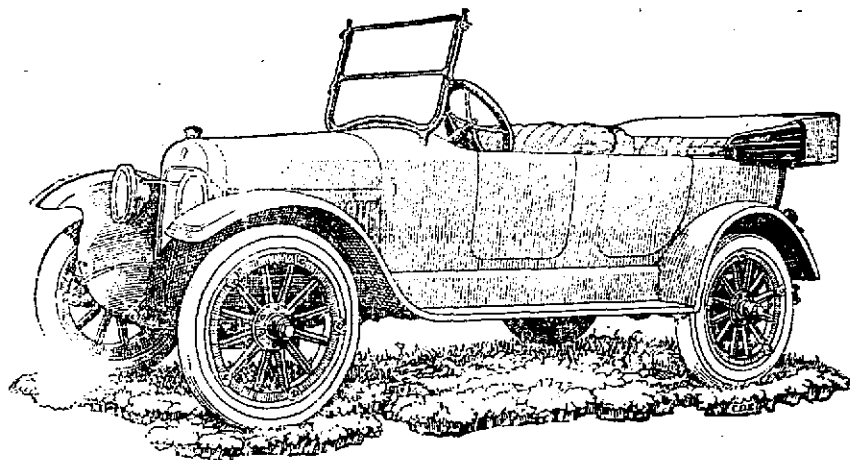

Which class will you be in?
